Sight Words Mastery Pack

48 Printable Lessons for

Rapid Fluency

A systematic approach to moving children from
sounding out to instant word recognition

How to use this pack

The whole method fits in 10 minutes a day, five days a week

- 1** Pick one list. Six words is a week's work - not six lists.
- 2** Day 1: read · trace · write sheet. Say each word before writing it.
- 3** Day 2: flash cards, 3 minutes. Any word missed goes in a 'tricky' pile.
- 4** Day 3: sentence sheet. Reading the word inside a sentence is the real test.
- 5** Day 4: word search + board game. This is the day they think it is play.
- 6** Day 5: assessment column. Instant read = tick. Sounding out = not yet.
- 7** Colour a square on the 30-day tracker every single day.
- 8** Move on only when 5 of 6 words are instant on two different days.

Why sight words matter

The first 100 sight words make up roughly half of everything a child reads in K-2.
Reading them instantly frees the brain to decode the harder words around them.
